The ~~Fifth~~ Annual Fair of this Society will commence on Tuesday, September 5th, and continue five days.

All classes of citizens are invited to take part, and compete for the Societies' premiums. The fair is intended to benefit the manufacturer, the dealer and the ~~citizen~~ ^{farmer} equally with the farmer and fruit grower. The ladies especially are invited to display their handiwork. ~~The splendid special premiums of W. E. Rye & Co. will attract their attention.~~

~~A new feature has been introduced. No charge will be made for entries, except for trials of speed, farms and field crops. Ample arrangements will be made for the display of all articles and animals.~~

Our grounds are unequalled and buildings ample for all purposes. Let them be well filled with the products of Vigo county. To exhibit an article at the fair, is the best advertisement it can have.—Hundreds of persons will see and examine it, who will never see it in your shop, store or on your farm. We ask you to compete, not for the money, although our premiums are very liberal, but for the honor of taking the premium. The premiums are to be paid "pro rata"—the fair must be self-supporting, therefore, after deducting the necessary expenses from the gross receipts, the balance, if not sufficient to pay the premiums in full will be paid *pro rata*.

~~Messrs. Hunter & Fouts have charge of the grounds and track, and have put them in splendid order.~~

~~The track will be under their control, subject to the regulations of the society.~~ The grounds are always open for celebrations, picnics and all peaceable assemblages of the people. But arrangements must always be made beforehand with the Fair Ground Committee.

Persons wishing to keep refreshment stands, erect swings or any thing of the kind for pecuniary gain, must obtain permission of the committee before entering the grounds. ~~During races given by Messrs. Hunter & Fouts the stands will be under their charge.~~

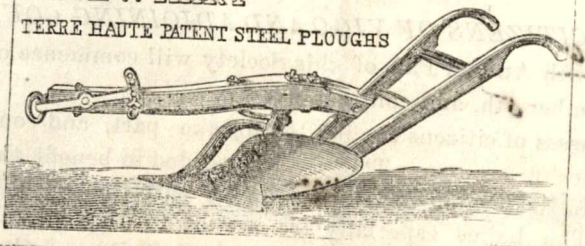

We hope that every family in the county will attend at least during two days.

The Railroads centering here will carry passengers to the fair at half their usual rates, and trains will be run between the city and grounds.

Citizens from all the surrounding counties are invited to be present and compete for our premiums; the lists are open to all
